

OUR COUNTY.
Cronin Index.

The stuff of which the people of Ormsby county are made is now being tested. A crowd of political ringsters are determined to break up the anti-Chinese movement if possible, and at the expense of the dishonor of a large number of citizens who have agreed to stand by their fellow citizens in getting rid of the Chinese they hope to gather a vote strong enough to elect candidates to the county offices who are either outspoken opponents to the movement or who repudiate their written agreement. Such a disgrace as this ought not to be tolerated by the people. No party leader or manager ought to seek to place his party in an attitude of hostility to the honorable efforts and righteous demands of the great body of the people. To do this cannot be but suicidal in its political tendency and results. Republicans and Democrats have alike joined in the anti-Chinese movement and have carried it to a fair measure of success by pursuing peaceful methods. No man has been injured by the League and its acts are all consistent with the highest aims that can be sought by any political party. What good reasons can be shown for engineering either the Republican or Democratic party into an attitude of friendship for Chinese slavery, and of enmity towards those who believe in free institutions and free labor? None whatever.

The members of the League should one and all resist such a movement against them and maintain their own personal honor at all hazards. The more bitter the assault the more firmly should they stand. If they yield now to political chicanery they richly deserve the severest consequences that can result from their own want of manhood. They will deserve the upbraiding which are sure to come from their children when it shall be too late to recover the ground so ignominiously given up to the enemies of progress and of true Americanism. Ormsby county should be true to its own true interests for once. It will never have a better or stronger opportunity than now. Let us see who are the men that propose to "fall down."

The Black Irishman.
Washington Critic.

One of the constituents of the Hon. Tim Campbell was as the Capitol the other day to consult with him relative to some measure of special interest to his Hibernian friends.

"Be jabbers, Tim, every Irish Minister must be a sine and tacked with."

"Av course," replied Tim.

Theo. Mr. Campbell went over the names, and his constituent, with a Congressional Directory before him and a pass book in his hand, took them down.

"Is that the end of the list?" he asked when Tim had got through.

"Oh can't mention any more just at present," replied the Congressman.

"Phew! the matter wid O'Hara of North Carrylino?" asked the constituent as his eye fell upon the name in the directory. "Yes haven't mentioned him that Ot hev heard, an' vez to aither known." Tim, that the O'Hara's are never helint in a bresh wid the enemy."

Tim never said a word, but led the astonished gentleman into the gallery and pointed out to him the member from the old North State. No reference has been made to the O'Hara family since.

MUCH IN A NAME.—"What's the name of your horse?" asked Jones of Brown, after he had driven around him once or twice on the road.

"Congress."

"Funny name. What do you call him that for?"

"Because he never passes anything."

—Washington Critic.

According to the Silver State, A. C. Cleveland says he is not in politics this year. The Apaches invariably decline their peaceful intentions while preparing to go on the warpath.—Tuscarora Times-Review.

NOTICE.

THE BOARD OF COUNTY COMMISSIONERS, acting as a Board of City Trustees, have directed me to prohibit ball playing on the principal streets in the town of Reno. Young men, boys and others who are or have been in the habit of playing ball in the streets are hereby notified that they will have to quit the practice. The practice is very annoying to the public, being exceedingly dangerous, as a ball is liable at any moment to strike a horse and endanger the life and limb of people.

GOVERNOR HILL.

Laying His Wires to Succeed President Cleveland.

New York, May 18.—It is generally believed here that Governor Hill had his own political prospects in view when he appointed as receiver of the Broadway Railroad Contractor John O'Brien, Chairman of the Democratic State Committee. The friends of the Governor are proceeding on the assumption that Cleveland will not be a candidate for re-nomination in 1888, and even if he is, will not have his own State delegation at his back. Said a shrewd politician last evening: "Governor Hill is already actively at work to secure the delegation from this State in 1888 for himself. Tammany is with him and there are not wanting indications that Mayor Grace and the Governor are in accord. The county Democracy does not dare to make an open fight against the Governor, although they would like to do so. Presidential booms are expensive things. What is likely to afford better pickings than the new aqueduct, with a complacent commission and control of the Broadway surface road? Governor Hill and John O'Brien make a team that will bear watching."

No Prospect of an Investigation.

New York, May 18.—The World's Washington correspondent devotes two and a half columns to the Pacific railroads. He says that there is no present prospect that Congress will investigate the books of accounts of the roads. The greatest part of the letter is devoted to an analysis of the securities of branch lines. The correspondent adds: "These securities have formed the basis for the only arguments that the lobby has been able to make in favor of the Seventy-Years' Extension bill. It will be found that the Pacific railroad have no new securities to give, and that consequently their claims for an extension are simply a new device to defeat the Government. All of them that are of any value and which are properly the Pacific Railroads have been hypothecated long ago for loans. The bulk of the securities are held by the Pacific Railroads as individuals, and are consequently not available."

Another correspondent says that members of the House who speculated in Pacific Railroad stock on the report that the committee would make a unanimous report in favor of the Extension bill have lost on the fall in prices about \$75,000, in sums ranging from \$1,000 to \$5,000

Commodore Mayo failed to pass an examination for promotion to Rear Admiral, and the President granted his request to be placed on the retired list of the navy with the rank of Commodore, under the forty-year service provision. There are now two vacancies in the grade of Rear Admiral, for which Commodore Jonett, acting Rear Admiral, and Commodore Russell are eligible in the order named.

As reported from the sub-committee to the full Committee on Appropriations of the House, the Legislative, Executive and Judicial Appropriation bill makes a total appropriation for the next fiscal year of \$20,710,877. The appropriation for the current year was \$21,371,503 and the estimates for next year aggregate \$21,405,685.

The President will leave Washington for Brooklyn the 30th, where he will review the Decoration Day parade the following morning and will review the parade in New York City in the afternoon if possible.

GOVERNMENT LANDS.

California Lands Closed to Settlement.

S. F. Chronicle.

Commissioner Sparks, of the General Land Office, has issued an order that no more mountainous or timber land in California shall be surveyed. This virtually precludes the opening up of any more public land in this State for settlement, since, according to Surveyor General Hammond, there is hardly an acre of unsurveyed land in California which is not affected by the order. General Hammond thinks the order an unwise one, as there are thousands of acres of unsurveyed mountainous lands in the southern part of the State, which, if surveyed and thrown open for settlement, would prove magnificent grape and orchard land, and would be immediately taken up, owing to the extraordinary increase of immigration during the past year.

Considerable feeling also exists as to the Commissioner's methods in reference to final confirmation of Government surveys. General Hammond claims that his personal inspection of the work in his district should be accepted as conclusive by the General Land Office, unless there is some special reason for ruling otherwise, since his experience as United States Surveyor would enable him to determine the accuracy of a survey with hardly the possibility of an error. During the past year, Commissioner Sparks has sent three special examiners from the department at Washington to examine Government surveys in California, but as yet no report has been received of the results of their labors. There are about \$50,000 in claims for surveying contracts now before the General Land Office. They are divided among eighteen to twenty-five surveyors, who, being men of small means, are loud in their denunciation of the Commissioner for his tardiness in settling their claims.

General Hammond also states that the low rates fixed by the General Land Office in letting out contracts for government surveys debar any honest man from taking a contract. During the past two or three months he has posted several calls for bids in his office, but as yet has not received a bid.

The Knights of Labor.

A New York Tribune special says: The Assembly of the Knights of Labor, to be held in Cleveland beginning May 24, will be in many respects the most important meeting of the order that has been held. It is expected that many radical changes will be made in the constitution and general government of the order. It is proposed that if any local Union has grievances which it thinks justify a strike, all the facts in the case must be submitted to the General Executive Committee, and by them to every local Union in the organization, and unless two-thirds of the local Unions favor the strike it cannot be ordered.

Heavy Damages.

New York, May 18.—The trial of the suit of James A. Goodsell to recover \$250,000 damages from the Western Union Telegraph Company, which has occupied the jury in Judge Gorman's Court during two weeks past, was this afternoon closed by a verdict for Goodsell against the Western Union for the full amount, to which was added \$1,750 for counsel fees. Damages were claimed by Goodsell for breach of contract, the Western Union having failed to make good a contract Goodsell held with the Atlantic and Pacific Telegraph Company, which the Western Union absorbed.

The Chronicle's Tombstone special says: Captain Keyes and Lieutenant Ward have been arrested by General Miles for dilatoriness in proceeding to the assistance of Captain Lebo during the latter's recent engagement with the hostiles at Calabasas. They were taken to Fort Grant and their commands turned over to Captain Lebo.

Judging from his recent movements in three or four counties in Western Nevada, Stewart is in real earnest in his candidacy for U. S. Senator. The coming campaign on the part of the Republicans is just beginning to assume shape and Senator Stewart is inspiring confidence in the friends of his candidacy by his efforts to organize for effective work.—Free Lance.

One of the things urged against Fair by the Democrats is that two years ago he kept the Democratic Central Committee from sending any money into this State saying that he would take care of the fight himself. The fight was lost, hence the tears. Wonder if he expects anybody in the Republican party to reciprocate this year.—Carson Appeal.

THE COMING TRIBUNE.

Carson Tribune.

From all present appearances the national holiday, which will be observed at the Capital on Saturday, July 3d, will be the very largest that ever took place in the State, and it will stand business men in hand to assist as far as their means will allow. The Renosites intend reciprocating former favors, and as the Constockers will not hold their celebration till the following Monday, no doubt a large number will attend from thence, if only to induce our people to assist them. It is supposed that the Douglas county folks will join us, as they too intend observing the day on the fifth.

As a meeting of the Executive Committee occurs this evening, the Tribune takes the liberty of suggesting that the orator of the day be selected from some outside county, which will not only be well received by our neighbors, but perhaps to swell the number of visitors. There are several other positions that might well receive the same consideration. It is to be presumed that full arrangements will be made at the meeting this evening, and that the programme in full will be given publication at an early date. Carsonites as a rule are proverbially slow, but there are some very live men among the population, who for their own, as well as the town's interest, will go earnestly to work as soon as the arrangements are completed. A large influx of outside people will be of immense benefit to the town, and each person should consider himself a committee of one to aid in making the celebration long remembered.

Cure for the Tarantula Bite.

The most remarkable paper read before the State Medical Convention was one by Dr. Briggs, of Fort Worth, who cited a case of a patient who was bitten by a deadly Texas tarantula, and was cured by Dr. Briggs by the application of a liquid made from the bugle weed. He gives a history of this remarkable case. He said: "My attention was first called to this plant by Dr. W. H. Cooke, of Bonham, Tex., who received his information from the remnant of Cherokee Indians left in the mountains of North Carolina and East Tennessee. Any one who has attended the fairs and other gatherings held throughout Georgia, Tennessee and Kansas during the egress of the Indians from that country doubtless remember that on such occasions there were many Indians who would with impunity allow the poisonous rattlesnake to bite them. It was observed that in order to counteract the effects of this poisonous reptile they masticated large quantities of bugle weed and swallowed the juice. That the bugle weed was the identical weed used at the time I have absolute proof. I am not aware that there is any literature upon this valuable plant outside of a vague and indefinite account in the United States Dispensatory and in the more recent editions it is numbered among the unofficials. Having investigated so far as lay in my power the history of the plant, I procured some of it at the first opportunity."

The case has excited great interest, and now the terror of scorpions, tarantulas and centipedes is no more.—St. Louis Globe-Democrat.

Home Rule for Nevada.

Eureka Sentinel, May 16th.

The interview of a Sentinel reporter with a prominent citizen concerning the outlook of the coming political contest in this State and county, as published in these columns yesterday, called forth numerous sentiments about town concerning Senator Fair's successor. One Republican said that if Home Rule were good for Ireland, it certainly ought to be good for Nevada; that if there is to be an importation for the office, he was in favor of importing the best in the market, and consequently would name Hon. James G. Blaine, who, while not a resident of the State, is said to have mining interests in Eureka county and at Osceola. Another Republican said that he was in favor of a home man for the office, and would vote for such a man though he were a Democrat. "We are tired of importations," said he "and the sooner we take a decisive step in the matter the better it will be for us. As a party, we may lose by it now, but the loss will be only temporary, and we will have gained a much desired end."

C. C. Stevenson for Governor.

Carson Free Lance, 17th.

Hon. E. L. Buckingham, of Dayton, one of the sure-west politicians in Nevada and a close personal friend of C. C. Stevenson, was in Carson yesterday. Mr. Buckingham says, from several talks had with him on the subject, he is convinced that Mr. Stevenson would accept the nomination for Governor this Fall, should the office seek the man. This will be good news to the many leading Republicans of this State who are admirers of Mr. Stevenson.

Every business man in Reno should make an exhibit in the State Fair this Fall, as visitors judge a town by the enterprise of its representative men.

THE LITTLE GIANT FENCE MACHINE.

FOR MAKING THE UNIVERSAL COMBINATION FENCE—DAVID YOUNG, PATENTEE.

—Young and Jennings have just received one of those machines for which they have purchased the sole right to manufacture and sell this now universally known and guaranteed to be the best, most durable and portable fence ever manufactured, and peculiarly and especially adapted to fill a long felt want. This fence is needed and in time will be used by everyone that requires a fence, either around the house, garden or ranch. It is cheap, durable and serviceable, to keep in check horses, cattle, sheep, hogs, chickens, etc., and restrain dogs and coyotes, having all the advantages of a picket fence in restraining animals from jumping, and not so liable to decay, and at much less cost, and no bars to injure valuable stock, thus placing it far in advance of any other fence now in use—hence it is inevitably the fence of the future. Wherever this fence has been introduced it has superceded all others. It stands without a rival, and why? Because it is portable. A half mile of this fence may be taken down and removed in a few hours. The material may be hauled and a large number of stacks fenced in a single day. Fields may be fenced for temporary pasturage to turn all kinds of stock, on short notice and but little labor. It is strong—it has been proven by actual test that it is six times stronger than barbed wire. It is durable—it will last three times as long as any other fence. It is hog proof, horse proof, coyote proof, rabbit proof. No fence hitherto tried, except this, will keep sheep in and dogs and coyotes out. It is cheap—in Ohio, Illinois, Missouri and other States where it has been introduced and extensively used it is declared to be from 30 to 40 per cent. cheaper than any other fence, and taking into consideration its durability, at least 50 per cent. cheaper. We can refer you to thousands who have used it—this is their testimony. We will be pleased to furnish, upon application, any information desired, and we think that we can demonstrate that our fence is all that we claim for it. It is the fence.

Apply to Young & Jennings, at the office of Studebaker and Carriage Agency, corner of Virginia and Second streets, Reno, Nevada.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-1886-3yr

BREVITIES.

Pete Marker went out to Lovelock yesterday.

Maurice May was down from Verdi yesterday.

Thos. Eager came up from the Bay yesterday morning.

Jos. Marzen was a passenger for Lovelock yesterday morning.

Fishing for drift wood in the river is far better now than trout fishing.

Clark Crocker was a passenger for his Humboldt ranch yesterday morning.

J. H. McMillan, of Winnemucca, was a passenger for home yesterday morning.

The next meeting of the Anti-Chinese Club will be held on the evening of the 29th.

The eastern bound train was in two sections yesterday morning, each of which was half an hour late.

Misses Mary Height and Lillie Ordway left for San Francisco last evening, where they will reside in the future.

The marriage of Lieutenant Richardson Clover, U. S. N., and Miss Dora Miller, daughter of the late Senator John F. Miller, took place Wednesday. The honeymoon will be spent in Europe.

S. T. Woodworth, from Petaluma, has bargained for and purchased the Hot Springs Hotel at Lake Tahoe, and proposes to make it the best hotel on the lake, and keep it up in first-class metropolitan style.

Gospel meetings to-night, and from night to night indefinitely, in the hall on the corner of Virginia and Second sts., conducted by evangelists W. S. Smith and J. B. Williams. All are cordially invited to attend.

The State Agricultural Society have decided to make arrangements whereby the various base ball clubs of the State will have an opportunity to come together and show their science as ball players. The prizes will be announced in due time. Our home players should not let the grass grow under their feet, but keep up a steady practice and see that the laurels stay in Reno.

THE FOURTH AT VIRGINIA.—The Chronicle says Virginia City will celebrate the Fourth of July notwithstanding the assertion of the local Bunshy to the contrary. There is ample time between now and the anniversary of Liberty's birthday to hold meetings and make arrangements for a parade and appropriate exercises on a scale that will dwarf into utter insignificance the frantic efforts of small villages like Carson to attract visitors to that locality from abroad on the Fourth.

In answer to the above the Enterprise says: "Notwithstanding the rash assertion of the local Blundersby of the evening paper, there will be no public celebration, in this city, on the Fourth of July this year. Independence Day, or Liberty's birthday, as he calls it, will be celebrated in Carson on the third of July, as it is not at all likely to be celebrated here on the following day—Sunday. Blundersby eternally sticks his foot into it whenever he attempts to correct the Enterprise on anything."

CARSON GETS IT.—A Virginia City dispatch of yesterday says: "The Republican State Convention will be held at Carson on September 24th, with 141 delegates—14 for Washoe. The primaries will be held September 11th. Carson, Elko and Winnemucca were named, and on the third ballot R. L. Fulton nominated Washworth and promised a good hall, good hotel accommodations, etc., but Carson was chosen."

STATE UNIVERSITY.—Wednesday at the University a literary society was organized and hereafter there will be no exercises of any character on Saturdays. Recitations, essays and the reading of the University paper will take place every Wednesday afternoon, and all regular lessons will be suspended on that half holiday.

SAM'L OF POSEN.—No announcement of a coming attraction this season will afford more pleasurable anticipation to all lovers of genuine character comedy than the popular comedian Mr. M. B. Curtis, who will appear in the Theater to-night in his most successful play, "Sam'l of Posen." In his unique and unrivalled impersonation of the irrepressible, energetic and ambitious Hebrew drummer, Mr. Curtis struck a new view of comedy; and the instantaneous popular verdict was that the creation was one of extraordinary merit and undoubted originality. In depicting the various phases of the life of a young Hebrew, Mr. Curtis gives no broadly exaggerated tone of the sketch; and whether we regard "Sam'l of Posen" as the newly arrived peddler hawking his wares about on the tray; or, as the assistant in the jewelry store; or, as the full fledged drummer, the fidelity of a character familiar in everyday life, is universally recognized. And as this character is in no sense isolated or peculiar to any one locality, "Sam'l of Posen" is as familiar a figure in our city as in San Francisco. It is largely due to this fact that the play is such a pronounced success in every part of the Union and that it retains to-day the same strong hold on public favor that it did on its first production. "Sam'l of Posen" improves by age too, for many of its brightest and best features are the result of recent alterations and improvements. He will be supported by that charming artiste, Miss Albina de Mer, and a company of superior excellence. Manager Piper has reduced the price of admission to the gallery, which will be only 50cts.

JOINT BALL AND BANQUET.—The Masons and Knights have issued the joint invitations for their grand ball and banquet to be held in the Pavilion on the evening on the evening of June 10th in honor of the two Grand Lodges which happen to meet here in the same week of this year. As the Grand Lodge of Masons closes on the day the Knights' Grand Lodge opens it was thought best to entertain their Grand Representatives together and make the event one long to be remembered, and add another feather to Reno's plume of hospitality. The floor of the Pavilion will be thoroughly overhauled—new boards put in where necessary and the whole planed off and placed in first-class condition for the dancers. The full orchestra from Virginia will furnish the music which will consist of all the latest airs. All Masons and Knights are cordially invited to attend the aforesaid ball and banquet, without special invitation. Tickets can be had at Nasby's Bazaar, S. J. Hodgkinson's drug store, or of any of the Committee, by showing invitation and putting up \$5.

THE NEW SALARY LIST.—For the information of candidate's seeking State offices the following list of salaries fixed for 1887 is published:

One Justice.....	\$5,000
Two Justices, each.....	6,000
Governor.....	4,000
Gov. Private Secretary.....	600
Secretary of State.....	2,400
Deputy Secretary of State.....	600
Controller.....	2,400
Deputy Controller.....	1,500
Treasurer.....	3,000
Deputy Treasurer.....	1,500
Surveyor General.....	2,400
Deputy Surveyor General.....	1,500
Clerk in Sur. Gen's. office.....	uncertain
State Printer.....	2,600
Supt. Public Instruction.....	1,900
Clerk Supreme Court.....	2,000
Attorney General.....	2,000
Lieutenant Governor.....	2,100

There are two acts affecting the salary attached to the office of Surveyor General, both approved March 12, 1885. One act fixes the salary at \$2,400, the other at \$3,000. The same acts fix the salary of Deputy Surveyor General, one act at \$1,800, the other at \$2,000.

SHEEP SHEARING MATCH.—On Tuesday, October 5th, there will be a sheep shearing match at the Fair grounds, during our State Fair, open to all, for a purse of \$100: \$50 to first, \$30 to second and \$20 the third. Entrance \$5, and ten or more to enter. Not less than fifteen animals must be sheared, and rapidity and cleanliness will be the controlling factors in determining the awards. A committee of three will be selected from the leading men of the wool industry of the State to make an impartial report. This will undoubtedly be an interesting feature of our Fair as the State has a great many rapid sheep shearers.

DAME RUMOR AGAIN.—The following from the Truckee Republican is self-explanatory, but you will have to ask Asa as to the truth of it: "Asa Willis, the popular conductor on the O. P. R. R., has returned. Rumor says he brought a fair bride with him, and that they will make their home in Reno. Asa is a good boy, that is, he is fair to middling, and it is hoped that he has secured a helpmeet that will tend to preserve him from evil ways that good natured conductors like him are apt to fall into. The name of the lady we have, but as Mr. Willis declined to give any just reasons as to where and to whom he was married, saying that he plead the baby act in self defence, and did not want, and would not have any account of his marriage published, the name is withheld, hoping that before the next issue he will have nerve enough to let the fact of his marriage be blazoned forth to the world."

LITERARY TREAT.—The following is the programme of Miss Griffith, the elocutionist, who will favor the lovers of fine reading with one of her pleasing entertainments at Armory Hall on Monday evening. She will be assisted by some of our home talent, including the Reno Guard Band:

The Marriage Fee; Scott and the Veteran; How We Hunted a Mouse; The Water Mill; Barial March of Duodec; From the Dodge Club; The Last Hyatt; Farmer Stebbins on Rollers; Lake Tahoe—A Tribute; Rules for Ladies Traveling Alone; Nobody Hurt; Orpheus and Eurydice; Old Doc Towser, or Tones; The Farmer and Wheel; Music.

MASONIC NOTICE.—There will be a called communication of Reno Lodge No. 13, F. & A. M., held at Masonic Hall, Reno, Nevada, on Saturday evening, May 22, 1886, for work in the third degree. A full attendance is requested. By order of the Worshipful Master.

S. M. JAMISON, Sec'y.

J. W. Maddrell, editor and manager of the Reese River Reville, went to Virginia yesterday morning to attend the meeting of the Republican State Central Committee.

FOR GOVERNOR.—A number of papers in the State are naming George Russell, of Elko, as a candidate for the Democratic nomination for Governor. We do not know that Mr. Russell is an aspirant or that he would accept the nomination if tendered him. We do know, however, that he possesses the two chief attributes essential in the Chief Magistrate of a State like Nevada—honesty and good hard sense. He is a thorough-going business man, with sufficient means to place him beyond the reach of official temptation, and a personal record which cannot be successfully assailed. If nominated he will run best where best known, and if elected, no one will regret having voted for him.—Tuscarora Times-Review.

J. P. Raine, of Palisade, has purchased of E. C. Hardy, the Norman two-year-old colt, "Harpoon," supposed to be the largest colt of his age in the United States, weighing at this time over 1,500 pounds. The colt was shipped at Toano this morning will pass through on this evening's freight.

This sale is another evidence of the enterprise of stock men and proves that the day for producing scrub stock has passed.—Elko Independent, 18th.

No. 20. Trotting—Free for all; mile heats, three in five; purse \$300.

Remarks and Conditions.

Nominations to stakes must be made to the Secretary on or before the first day of August, 1885. Entries for the purses must be made: On Monday's races on the Saturday preceding; for Wednesday's races, on Monday, and for

Friday's races, on Wednesday, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing who they will start the day before the race, at 4 p. m. Horses entered in a purse can only be drawn by the consent of the judges.

The rules of the Pacific Blood Horse Association will govern running races.

All horses entered in State purses must be owned and kept in Nevada and California, east of the Sierra Nevada, for six months prior to day of race.

Entries to all trotting races will close September 1st, with the Secretary.

Five or more to enter and three or more to start in all races.

National Trotting Association Rules to govern trotting races. Pacific Coast Blood Horse Association Rules to govern running races, except as above.

All trotting and pacing races are the best three in five, unless otherwise specified; five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. Entrance fee, 10 per cent. on purse, to accompany nomination.

Trotting and pacing purses divided at the rate of 60 per cent. to first horse, 25 per cent. to second, 15 per cent. to third, and 10 per cent. to fourth.

National Association Rules to govern trotting; but the Board reserves the right to trot heat of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats. A horse making a walk-over shall be entitled only to the entrance money paid in. When less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 60% to the first and 40% to the second.

In all the foregoing stakes the declarations are void unless accompanied by the money.

Please observe that, in the above stakes, declarations are permitted for a small forfeit.

In all races entries not declared on by 6 p. m. of the day preceding the race shall be required to start.

Where there is more than one entry by one person, or in our interest, the particular horse they are to start must be named by 6 p. m. of the day preceding the race. No added money paid for a walk-over.
